

Dear Patient of Willow Medical Center,

I appreciate the trust you have shown in allowing me to provide for your medical needs. With a heavy heart, I am writing to announce the **permanent closure** of WILLOW MEDICAL CENTER, INC.

My practice will close permanently for patient appointments on APRIL 1, 2018. No medical services may be provided on or after that date.

I will **not** be in private practice beyond this date.

I recommend that you arrange for care with another physician. Attached, I have made some recommendations of physicians that I trust. Some may provide the same concierge-model primary care.

Should you want another physician to have a copy of your medical records, please download, print and fill out the form here:
www.willowmedicalcenter.com/records/
you can fax this form to 888-847-4246 or email to drmike@willow.md.

The office will be open until MARCH 30 for patients to pick up medical records and/or medications. Please call to make an appointment. If you only want recent lab reports, I will email them to you at your request. Send request to the email below.

After this date, all requests for medical records should be sent to **drmike@willow.md**. If you need medical care prior to the closure of my practice listed above, please do not hesitate to contact my office or go to the Emergency Department.

My goal is to make the closure of my practice as easy on you as possible. Once again, I am grateful for the opportunity to have been your physician.

I will miss you.
Very truly yours,

Michael Lewis, M.D.

REFERRALS

Dr. Maryam Mortezaiefard. "Dr. Maryam"

ABM Medical Clinic & Cosmetic Laser Services
22554 Ventura Blvd # 201, Woodland Hills, CA 91364
Phone: (818) 222-8042

Dr. Maryam is a wonderful doctor and person.
I have known her for over 2 years and think she is a really good person.
She is NOT a concierge (or direct primary care doc), but she does take insurance.
She owns her own practice and is not part of the big-box medical chains.

Phone: (714) 916-5210

Dr. Matt is a really great guy. **He is a direct primary care doctor**, meaning he does what I do (Affordable concierge medicine). I trust him as a doctor. He may be a bit of a drive, but he truly is a worth the trip.

Dr. Vahe Mooradian

Facey Medical Group

Yes, this is within a larger medical group. Currently they have switched to a new location, so it's not too busy. Dr. Mooradian was a previous colleague of mine and is really a genuinely good man as well as doctor.

Will treat all chronic conditions as well as acute illness

They are limited on their use of controlled substances. So this wouldn't be an option if you need chronic controlled prescriptions.

It is a good service and reasonably priced. They come to you.
